Louisville, KY, March 4, 2009 – Almost Family, Inc. (Nasdaq: AFAM), a leading regional provider of home health nursing services, announced today its financial results for the three months and full year ended December 31, 2008.

William Yarmuth, Chief Executive Officer, commented, “By all measures, the fourth quarter of 2008 completes a milestone year for Almost Family. Our success during the quarter was highlighted by 84% total revenue growth and 47% organic growth in our VN segment. We have been extremely successful during the year rolling out our Senior Advocacy Mission to all of our existing and acquired branches. The results are a stronger patient centric organization, a broader platform from which to grow and continued strong financial performance. We are particularly pleased to have substantially completed the integration of Patient Care, the largest acquisition in our history, transitioning its home office functions and systems to our Louisville headquarters. Looking into 2009, we will continue to focus on the major drivers of our revenue growth: educating referral sources on how we can provide the best care for their patients and pursuing start-ups and acquisitions that increase our densification in our existing geographic clusters.”

Fourth Quarter Financial Results

Almost Family reported fourth quarter 2008 net service revenues of \$66.2 million, an 84% increase from \$35.9 million in the fourth quarter of 2007. Net income for the fourth quarter of 2008 increased to 7.9% of net service revenues versus 5.8% for the fourth quarter of 2007.

Non-GAAP Financial Measure

The information provided in the tables in this release includes certain non-GAAP financial measures as defined under Securities and Exchange Commission (SEC) rules. In accordance with SEC rules, the Company has provided, in the supplemental information and the footnotes to the tables, a reconciliation of those measures to the most directly comparable GAAP measures.

EBITDA:

EBITDA is defined as income before depreciation and amortization, net interest expense and income taxes. EBITDA is not a measure of financial performance under accounting principles generally accepted in the United States of America. It should not be considered in isolation or as a substitute for net income, operating income, cash flows from operating, investing or financing activities, or any other measure calculated in accordance with generally accepted accounting principles. The items excluded from EBITDA are significant components in understanding and evaluating financial performance and liquidity. Management routinely calculates and communicates EBITDA and believes that it is useful to investors because it is commonly used as an analytical indicator within our industry to evaluate performance, measure leverage capacity and debt service ability, and to estimate current or prospective enterprise value. EBITDA is also used in certain covenants contained in our credit agreement.

Forward Looking Statements

All statements, other than statements of historical facts, included in this news release are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements may be identified by the use of forward-looking terminology such as "may," "will," "expect," "believe," "estimate," "project," "anticipate," "continue," or similar terms, variations of those terms or the negative of those terms. These forward-looking statements are based on the Company's current plans, expectations and projections about future events.

Because forward-looking statements involve risks and uncertainties, the Company's actual results could differ materially from any future results, performance or achievements expressed or implied by such forward-looking statements. The potential risks and uncertainties which could cause actual results to differ materially include: regulatory approvals or third party consents may not be obtained, the impact of further changes in healthcare reimbursement systems, including the ultimate outcome of potential changes to Medicare reimbursement for home health services and to Medicaid reimbursement due to state budget shortfalls; the ability of the Company to maintain its level of operating performance and achieve its cost control objectives; changes in our relationships with referral sources; the ability of the Company to integrate acquired operations; government regulation; health care reform; pricing pressures from Medicare,

Medicaid and other third-party payers; changes in laws and interpretations of laws relating to the healthcare industry; and the Company's self-insurance risks. For a more complete discussion regarding these and other factors which could affect the Company's financial performance, refer to the Company's various filings with the Securities and Exchange Commission, including its filing on Form 10-K for the year ended December 31, 2007, in particular information under the headings "Special Caution Regarding Forward-Looking Statements" and "Risk Factors." The Company undertakes no obligation to update or revise its forward-looking statements.
